

MÖLLER GmbH & Co. KG · Am Kindergarten 1 · D 59872 Meschede

To whom it may concern

AS Meschede, 16.05.2022

### Confirmation about HIPS Material

We herewith state that the granulated HIPS material, which we use for the extrusion of the filter frames and profile, is made of reclaim PS material (Recyclate).

The recycled PS material is regranulated subsequently.

MÖLLER uses exclusively recycled HIPS material for the production of the black standard frames and profiles.
